

Kindergarten / Jr. Kindergarten Open House

Monday, January 13, 2020

10:30am-noon

and

1:00-2:30pm

Visit with Miss Terri and see what Messiah's
Kindergarten can offer you and your child

Junior Kindergarten

Messiah's Junior Kindergarten program is designed to give Kindergarten aged children (or those who miss the cut-off) an extra year of school before moving into the Kindergarten year. The Jr. Kindergarten class and Kindergarten class work together on a curriculum of reading readiness, literacy math, science, social science, art, music and Christian education. Both classes share teachers and classroom.

Kindergarten

Messiah's Kindergarten program is designed to prepare students for entering first grade by providing a curriculum of reading readiness, literacy, math, science, social science, art, music and Christian education. Class size and teacher/student ratio allow for optimum opportunity to prepare academically, socially and emotionally for elementary school classes.

Enrichment Program

Messiah offers an opportunity for an enrichment program from 12:30-1:30 each day.
